Easy to use. Fun to talk.

Easy-to-use Handset

Universal Design

Large, 2.0-inch Colour LCD and Secure Grip Handset

The large, 2.0-inch screen is easy-to-read, and the GUI-like icon-based menu screen lets you access functions without confusion. The rubberised grip on the back of the handset makes it more comfortable to talk while resting the phone on your shoulder.

Only the required messages

Universal Design

Visual Message List

Messages recorded with the built-in answering machine can be listed in name or phone number order. You can choose and listen to only the messages you want to, saving time and avoiding listening to unwanted calls.

Even in the backyard or garage

Unique Technology

Clear Sound

High-precision error correction system ensures clear conversation with less voice interruptions, allowing you to enjoy a smooth, error-free conversation even when you're out in the backyard or garage, far away from the base unit.

Clearly earth-friendly

Ecology

One Touch Eco Mode

Just press the dedicated ECO button. Signal output and power consumption are greatly reduced. In the Eco mode, the ECO indicator is clearly displayed on the LCD to show the Eco mode is activated.

Prevent unwanted calls!

Unique Technology

Incoming Call Barring* (Call block)

Calls from previously registered phone numbers are rejected. There is no more need to hear the voices of callers you wish to block.

* Requires subscription to Caller ID service offered by a telephone company

Ample address memory

200-Name and Number Phonebook

You can store up to 200 names and numbers in the handset's built-in memory for quick and easy access. You can also transfer individual names and numbers or the entire directory all at once to an optional handset*.

* Optional handset required.

Answers for you when you're away

Digital Answering System

This system automatically answers and takes a message from the caller when nobody is at home. Total recording time of about 40 minutes available.
