

# PLANTRONICS GAMECOM® 377

## High performance ‘open-ear’ gaming headset with full-range stereo

The ‘open-ear’ GameCom 377 gaming headset lets you hear all the in-game sound effects without losing touch with your surroundings. When you’re ready to fire off orders, unveil the hidden, noise-cancelling microphone boom to strategise clearly with team members. Responses coming in? Easily adjust audio levels using inline volume and mic-mute controls.

### Key features:

- **Noise-cancelling microphone** – reduces background noise and ensures crystal clear audio quality
- **Concealed Microphone Boom** – stows completely into the headband when not in use – ideal when listening to music or watching DVD
- **Convenient controls** – inline volume and mute controls give you full control over your listening and speaking experience
- **The microphone boom adjusts** – ideal for placement for improved communications
- **Specially designed ear pods** – redistribute pressure for maximum comfort for the longest gaming sessions
- **Extremely comfortable** – soft foam ear pads with a sport fabric cover
