

# MITEL MiVOICE 5603 WIRELESS PHONE

## ROBUST, LOW-COST QUALITY HANDSET

In office, education or retail environments, the requirement for fast, easy and clear communication is an integral part of operations. The Mitel MiVoice 5603 Wireless Phone is tailored to office requirements. Designed for flexibility and low cost, the MiVoice 5603 Wireless Phone provides an advanced, simple to use user interface. It provides value for the user who has less complex demands, but who still requires a quality handset for intense daily use.

In addition to enhanced MiVoice Business (formerly Mitel Communications Director) feature interworking over SIP, this IP-DECT handset can be twinned to the user's desktop in conjunction with their MiVoice Business Personal Ring Group capability, allowing single number reachability, regardless of their location. As well, the MiVoice 5603 Wireless Phone comes with a default list of MiVoice Business features preprogrammed.

### MIVOICE BUSINESS MANAGEMENT INTEGRATION

The MiVoice 5603 Wireless Phone is configured as a specific device type on the MiVoice Business, making adds, moves and changes simple to manage from the MiVoice Enterprise® Manager.

### SIMPLIFIED DEVICE MANAGEMENT

The Mitel IP-DECT System (Global) software release 4.0 introduced support for simplified device management, compatible with the MiVoice 5603 Wireless Phone. Programming can be achieved over-the-air via the Mitel Wireless Services Messaging Gateway, or via a PC in conjunction with the MiVoice 5603 / 5604 / 5607 Wireless Phone Programmer. This includes both programming and software upgrading.

### DESIGNED FOR GENERAL OFFICE ENVIRONMENTS, THE FEATURES INCLUDE:

- Enhanced, customizable Graphical User Interface (GUI)
- High quality voice
- Large illuminated Black / White and grey scale display
- Local phonebook (500 entries)
- Central phonebook
- Call list with 25 last calls
- Speakerphone mode
