With GN 2200 you will discover the ultimate in telephoning comfort. You might even forget that you are on the telephone, giving you the feeling of a face-to-face conversation. Get ready for increased efficiency and a colourful experience!

GN 2200 is a headset designed to meet the basic requirements of today's users in business environments. The all-new, smooth design and trendy matt blue, red or green finish adds a dash of colour to the appeal of this convenient headset.

Turning now to the convenient and functional features – we are sure that these will also thrill you! The elegant, award-winning Flex-boom features a noise-cancelling microphone as standard. The background noise is reduced, which benefits the person you are talking to. Lightweight design and leatherette earcushions are your guarantee for great comfort all day long.

In short – GN 2200 makes telephoning fun!
