**Noise-cancelling microphone**

**Flexible to use**

# The flexible headset choice.

## DuoSet™

A cost-effective, comfortable headset that is perfectly suited for those who use it regularly, but not necessarily all day. The noise-cancelling microphone is perfect for noisy work-places.

**plantronics®**

# Plantronics DuoSet™

A cost-effective headset for flexible, hands-free communication. The headset is comfortable with excellent sound quality. It is perfectly suited for those who will use the headset regularly, but not necessarily all day. The easy to use Quick Disconnect™ feature means you can place calls on hold and still move away from your desk without removing the headset. It has a noise-cancelling microphone - perfect for those work-places where background noise may interfere with clear communication. And, for those who prefer an over-the-ear wearing style, there is an optional earloop available from Plantronics. Backed by a two-year warranty, DuoSet delivers unsurpassed durability, value for money and versatility.

If you are amongst the many people who now make lengthy conference calls, the DuoSet Wireless headset from Plantronics means you can simultaneously write or type notes, access papers, or even just relax and enjoy your coffee, whilst talking business.

## FEATURES

- Comfortable for all day wearing
- Noise-cancelling microphones
- Excellent voice quality for clearer conversations with customers
- Convertible style headset for use with over-the-head or over-the-ear
- Large ear pieces - Maximum comfort and performance for increased agent wellbeing
- Slim construction - Looks good, and is unobtrusive to wear allowing you to fully focus on the customer
- Helps agents to focus on the call against a noisy background
