

## Jabra QD to 3.5mm Phone Cord

### Take calls away from the desk with your corded headset and smartphone

#### Get more value from your headset investment

The Jabra Quick Disconnect (QD) to 3.5mm Phone Cord enables you to take customer calls away from your desk with your existing QD headset, helping you get even more value from your headset investment.

#### Stay connected to customers outside the office

With the Jabra QD to 3.5mm Phone Cord, you can leave the office even if you have a telephone call scheduled. Simply unplug the QD cable from your desk phone and plug in the cord to connect your smartphone to the headset. Now you can continue your conversations during your commute using your QD headset.

#### Easy to use

The Jabra QD to 3.5mm Phone Cord is quick and easy to use, with an integral answer/end button and a convenient 34 cm length.

#### Works with all new smartphones

The Jabra QD to 3.5mm Phone Cord works with all newer smart phones including Apple iPhones 3, 3G, 4, 5 and 6/6S, HTC Touch, Samsung Galaxy S6 & Blackberry models.

#### Reasons to choose

##### Jabra QD to 3.5mm Phone Cord
