## Advanced Busy Light

### Fewer interruptions, more quality work time

Managing availability by signaling status with an easily visible busy light can reduce interruptions, increase quality work time and improve productivity.

Sennheiser Advanced Busy Light with ringer is designed for open office workers who need time to concentrate while never missing a call. A stylish LED unit mounted on desk or computer signals status and calls, while automatically syncing with Skype for Business. A choice of four different ringtones, presence color and volume are easily configurable via the free software application, Sennheiser HeadSetup™ Pro\*

### BENEFITS AND FEATURES

- **Increase productivity** – your availability status is reflected from a distance to avoid disruption
- **Multi color LED busy light** – standard colors red, green, yellow, blue and purple
- **Simple to install** – automatic sync with Skype for Business supported
- **Never miss a call** – with a ringer signaling incoming calls
- **Customize your settings** – select presence color, ringtone, volume etc.
- **Choose your own ringtone** – 3 preloaded and 1 downloadable for a choice of tones
- **Fits all laptops and computers** – simple connection via USB plug
- **User Friendly interface** – easy management via Sennheiser HeadSetup™ Pro\*
- **Peace of mind** – 2-year international warranty
