- Never miss a call - Vibrate alert

2. Jabra Elite 25e overview

2.1 Included accessories

USB charging
cable

Large

Medium

Small

3. How to wear

Jabra Elite 25e is designed to be worn around the neck

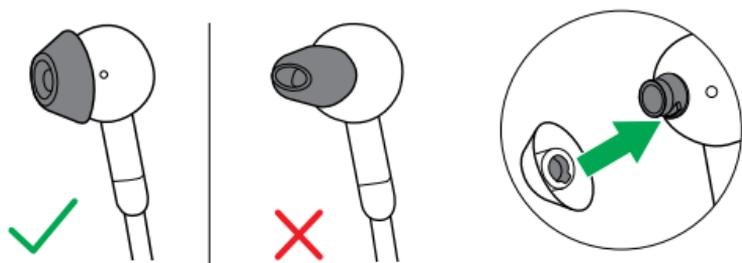

3.1 Getting the correct fit

The headset is supplied with three EarGel sizes: large, medium and small.

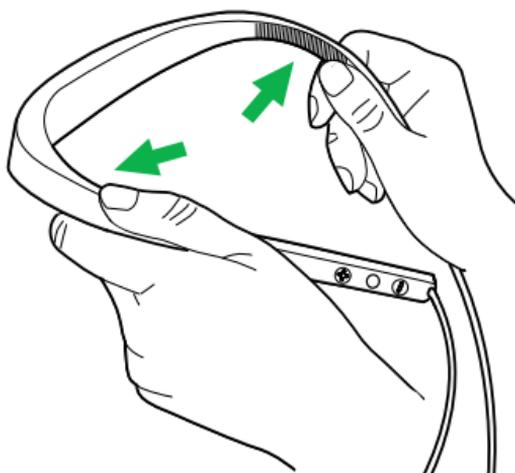

It is highly recommended to find the EarGel that best fits your ear for the optimal sound experience. The correct EarGel will feel tight and will seal out background disturbances.

To properly attach the EarGel, align the indent on the EarGel (as illustrated) with the ridge on the earbud, and press them firmly together.

3.2 Shaping the neckband

The neckband can be shaped to fit your neck by bending the neckband at the Flex zones, for the ultimate comfort and stability.

3.3 Using the magnetic earbuds

The earbuds are magnetic and can snap together for convenient cable management. If you play music, your music will be paused when the earbuds are snapped together. If you have an active call, the call will be ended when the earbuds are snapped together. Go to section 6.1. for more information.

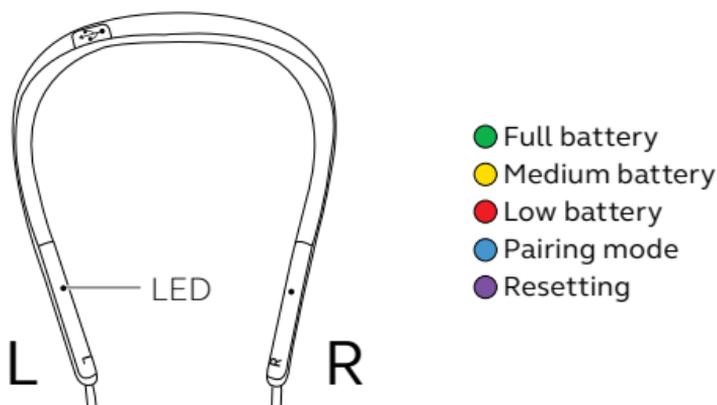

4. How to charge

To charge the headset, gently pull open the charging cover to expose the micro-USB charging port and connect to a power supply. It is recommended to charge the headset using the supplied Jabra charging cable, however it is possible to charge the headset using your mobile phone charger.

It takes approx. 2 hours to fully charge the headset.

Note: The lifetime of the battery may be significantly reduced if the headset is left uncharged for a long period of time. It is recommended to recharge the headset at least once a month.

4.1 What the LEDs mean

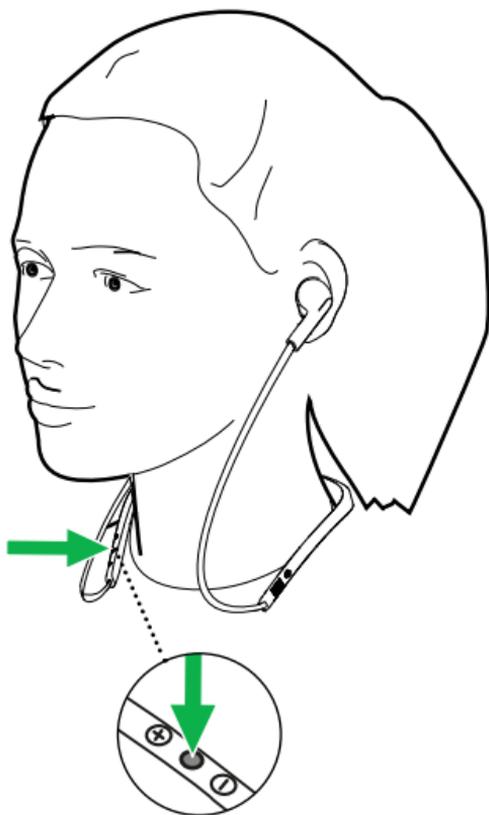

5. How to connect

5.1 Turning the headset on/off

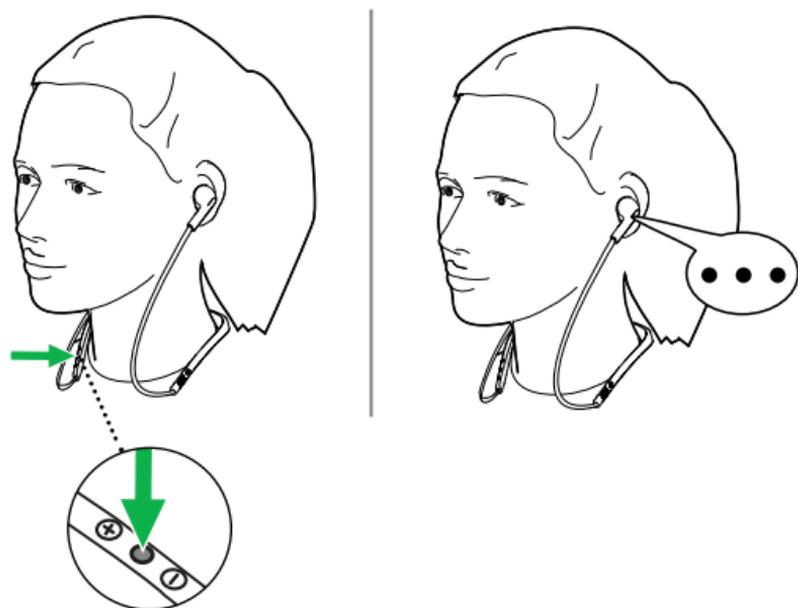

On: Hold the Multi-function button for 3 seconds. The LED will flash green.

Off: Hold the Multi-function button for 5 seconds. The LED will flash red.

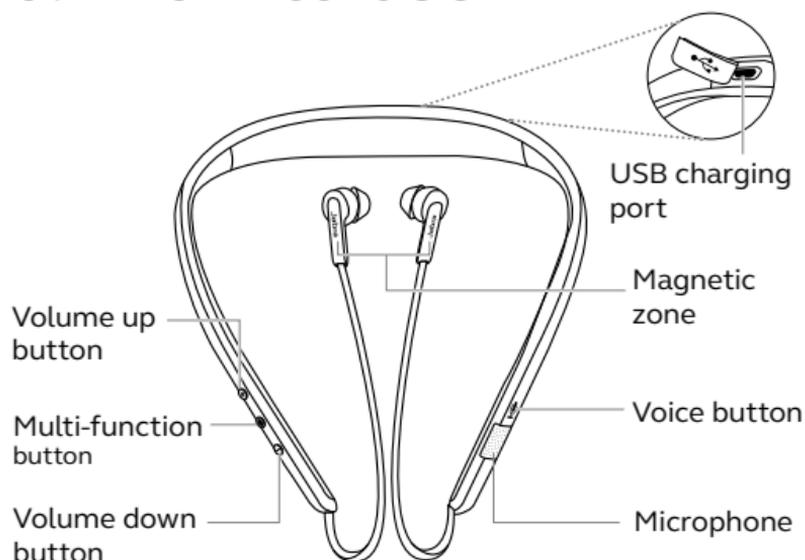

5.2 Pairing with a smartphone

1. Ensure that the headset is off, and then press and hold (5 secs) the Multi-function button until the LED flashes blue and you hear an announcement in the headset.
2. Wear the headset and follow the voice-guided connection instructions.

6.2 Headset voice guidance

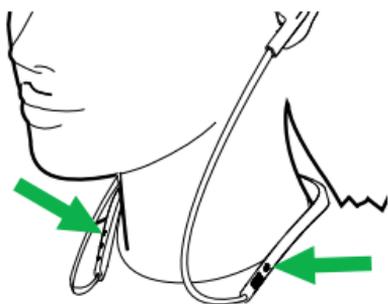

Headset voice guidance are voice announcements intended to guide you or give headset status updates (e.g. connection and battery status).

How to turn voice guidance On/Off

Voice guidance is enabled by default.

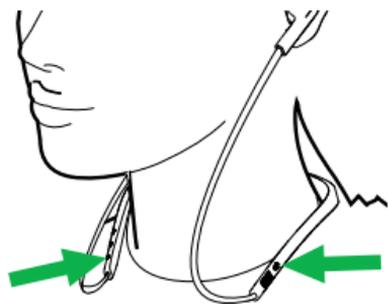

Voice Guidance On:

Ensure the headset is powered on, and then simultaneously press and hold the **Volume up** button and the **Voice** button for 1 second.

Voice Guidance Off:

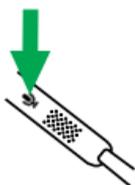

Ensure the headset is powered on, and then simultaneously press and hold the **Volume down** button and the **Voice** button for 1 second.

6.3 Phone voice commands (Siri, Google Now, Cortana)

Phone voice commands enable you to speak to Siri/Google Now/Cortana on your mobile phone using your headset. For more information on using Siri, Google Now, or Cortana, please refer to your phone's user manual.

Phone voice commands

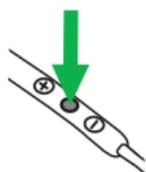

Activate Siri/
Google Now/
Cortana
(phone
dependent)

Tap the **Voice** button,
when not on a call

6.4 Multiple call handling

The headset can answer or reject calls when you are already on a call.

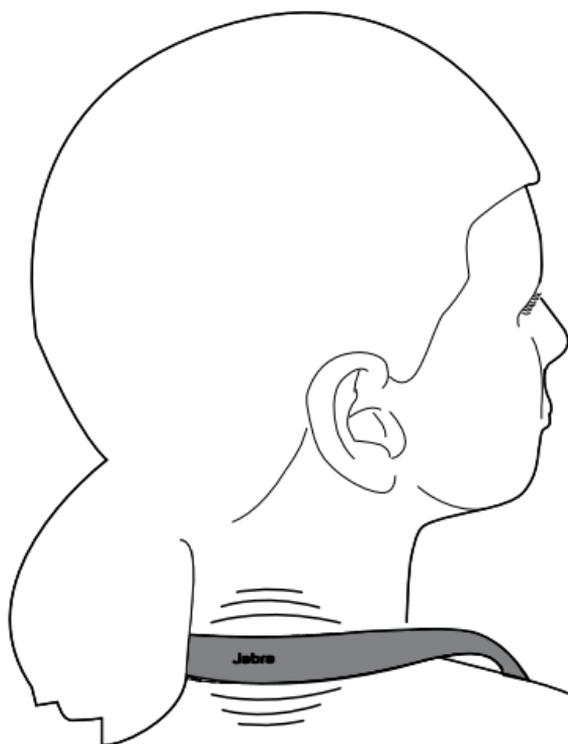

Multiple call handling	
End current call and answer incoming call	Tap the Multi-function button
Put current call on hold and answer incoming call	Press and hold (2 secs) the Multi-function button
Switch between held call and active call	Press and hold (2 secs) the Multi-function button
Reject incoming call, when on a call	Double-tap the Multi-function button

6.5 Vibrate alert

The headset will vibrate whenever it is powered on/off, connected to your mobile phone, or when there is an incoming call.

Vibrate Alert is enabled by default, and can be disabled using the Jabra Assist app (Android only).

6.6 How to reset

Resetting the earbuds clears the list of paired devices. After resetting, it is necessary to re-pair the headset to your smartphone.

Reset

Reset the pairing list

Ensure the headset is powered on, and then simultaneously press and hold the **Volume up** button and the **Multi-function** button for 5 seconds. You will then need to re-pair the headset.

7. Jabra Assist app

The Jabra Assist app is a free app for iOS or Android devices that enables you to:

- Enable/disable vibration (Android only)
- Enable/disable message read-out
- And more..

Jabra Assist

Android download - Google Play
iOS download - App Store

8.2 How to care for your headset

- Always store the headset with the power off and safely protected.
- Avoid storage at extreme temperatures (above 85°C/185°F or below -20°C/4°F). This can shorten battery life and may affect the earbuds.
